1. OUR STORY

How did it all began?...

Our story began this year in september. The founders are us classmates, who love to spend time together. After the original idea to engage in the sale of healthy drinks, we then decided that we would rather offer locally grown food and products.

The inspiration for this were our grandmothers, who always emphasize that homemade products are always the best. Our slogan is: "Where it smells like home".

And so our common path began...

2. Mission, vision and values

Mission

Company Domača Špajza d.o.o. is a shopkeeper, which sales locally made food and qualitatively products. We try to provide widely offers of products for variously tastes our customers.

Vision

The vision of our company is to become the leading shopkeeper of locally made food in Slovenia and also a reliable partner of our customers. To realise this vision we will share our offer all over Slovenia and also abroad.

Values

Our goal is to become one of the leading providers of locally made food and products in Slovenia. We want to become more than sellers of locally made products and we also want to support slovenian locally producers and businessmen.
